French - Native

English - Professional working proficiency

INTERESTS

Trail running

Miniature painting

Video games

PROFILE

Web & Mobile Web Developer with an engineering background, combining analytical thinking, structured problem-solving and a strong focus on building clear, maintainable and user-focused applications.

PROJECTS

Trouve ton artisan

React · Node.js · Express · MySQL · Sequelize

Developed a full-stack web application for finding local tradespeople, combining a React frontend, REST API and MySQL database.

Guild Wars Armory

React · JavaScript · SCSS

Designed and developed a React application helping Guild Wars players calculate armor crafting requirements, accounting for owned materials and crafting recipes.

Portfolio V2

React · React Router · SCSS · Vite

Developed a responsive React portfolio with a modular architecture, reusable components, and a focus on accessibility and code quality.

PROFESSIONAL EXPERIENCE

Production Manager — 2023 - 2024

Castel Engineering - Mouscron, Belgium

Production planning, operational coordination and team management.

Production Engineer — 2020 - 2022

TAMI Industries - Nyons, France

Process improvement, production coordination and ERP implementation.

Engineering Intern — 2018 - 2019

Air France Industries

Continuous improvement and production flow analysis in aircraft maintenance.

EDUCATION

Web & Mobile Web Development Training — 2025 - Present

Centre Européen de Formation

Engineering Degree - High-Performance Materials — 2014 - 2018

SIGMA Clermont

Preparatory Classes - Physics & Chemistry — 2011 - 2014

Lycée Aristide Briand
